The Babies Cry for It,  
And the old folks laugh when they find  
that the pleasant California liquid fruit  
Syrup of Figs, is more easily  
and more beneficial in its action  
than bitter, nauseous medicines. It  
cures the Liver, Kidneys, Stomach,  
and Bowels, while it arouses them  
to healthy activity. For sale by A. C.

New York Stock Exchange.

New York, March 28. - The movement  
in the stock market which began late  
last week, made further progress to-  
day for the first time this year, showing  
all the indications of a bull move-  
ment. It was the first really active  
day for many weeks, and while there  
was nothing like a boom in any one  
stock or group of stocks, the steady,  
though slow, appreciation of values lasted  
nearly the entire day. The buying was  
remarkably well distributed, nothing  
seemingly being neglected, and while  
traders indulged in some realizing on  
their purchases of the past few days,  
there was some buying with a fair in-  
quiry from out-of-town operatives and  
a fair demand from foreigners. A fa-  
vorable impression was created by  
the statement of the Union Pacific,  
which was somewhat of a surprise  
to the street. The market was  
inclined to be strong and active at the  
opening, the first prices showing ad-  
vances over Saturday's figures of from  
1/2 to 3/4 per cent. There was some hesi-  
tation in the early trading, but the en-  
tire list soon became strong under the  
lead of Canada Southern. The improve-  
ment was slow, but steady and con-  
tinued without interruption until  
nearly 2 p.m., when the market be-  
came somewhat quieter and a general  
fractional reaction ensued. The mar-  
ket steadied in the last hour, and the  
close was quiet, but barely steady, at a  
fractional recession of the best prices of  
the day.  
Government bonds were quiet and  
strong. State bonds were dull and  
steady.

New York Mining Market.

New York, March 28. - Mining shares  
were steady, with El Cristo the feature,  
on a report from the mining engineer  
to the effect that there is technically in-  
sight in the mine about \$5,000,000, and  
that it should become one of the best  
dividend payers. The price touched  
6.50 at one time. Following were the  
closing prices: Alice, 1.45; Ama-  
dor, 12.25; Best & Belcher, 6.75; Bodie,
